

By THE Numbers

Match Day 2015

A nervous excitement was palpable on March 20 as members of the SKMC Class of 2015 participated in the rite of passage known as Match Day, lining up to receive the envelopes that contained the name of the institution where they will train as resident physicians.

The specialties with the highest number of matches for this year's graduating students were internal medicine, pediatrics and family medicine. Including those who matched in obstetrics/gynecology, 47 percent of the class chose a residency in primary care. One-third of the class will be spending their PGY-1 year at a hospital in Pennsylvania, and one-quarter are staying at Jefferson or training at a Jefferson affiliate.

Congratulations to all of our newly minted MDs!

Specialty	Matches
Internal Medicine (Categorical)	64
Pediatrics	27
Family Medicine	26
Emergency Medicine	21
